PIS | **Product Information Sheet** | Potassium Chloride

TIMURAYA TUNGGAL pt.

Chemicals & Fertilizers

Potassium Chloride

Choose Category of Information : ▼

Product Identification

Product Name
Chemical Name
Synonym
Registrations
Appearance

Potassium Chloride (KCl)

Potassium Chloride (KCl)
Potassium monochloride, Muriate of Potash
CAS-Nr. 7447-40-7
White crystals or powder

Packaging KCl

50 kg net in
1000 kg net in

UN-approved

pp woven bag with PE inner liner
PP jumbo

Applications

- Fertilizer
- Oil drilling
- Potassium salts
- Mineral water
- Pharmaucetical preparation
- Photography
- Fire extinguishing agent
- Metalic coating
- Secondary batteries (lithium-iron sulfide type)
- Catalyst Vinyl Chloride
- Water correcting agent

Parameter	Unit	Product Specifications
Purity (as KCl)	%	95 min
Potassium Oxide (K ₂ O)	%	60 min
Moisture (H ₂ O)	%	1 max

Testing method : SNI 02-2805-2005
